TEXAS OIL MEN **EXPECTED TO** ATTEND BIG **FIGHT**

Texas will be represented at the ring when Jack Dempsey and Tom Gibbons settle their 15 round dispute for the heavyweight championship of the world at Shelby, Mont., July 4, if plans formulated by Wilman, are carried through.

Branch has secured a block of the best ringside sents to the big mill, and is organizing a special train plans materialize, there will be more than 150 fight fans from the Lone Star State in a solid group right up) in front on Indepndence Day.

It is expected that a large number of Texas oil men will make the trip as Branch has arranged the itinerary of his party so that a stop will be made at Casper, Wym., on the return. This will enable oil men to inspect the vast new field opening up there. Shelby, the seat of the big fight, is the newest oil town on have been made for an inspection of the new field there, the morning of the fight.

Twenty Texans have already announced their intentions of making the pilgrimage to fistania's shirne, and have made reservations with Branch. This response was purely voluntary and it is expected that the ticket offices all over the state the man in all Italy. special train quota will quickly be subscribed. Special efforts will be tonio, Dallas, Houston, Fort Worth, and the oil centers such as Beaumont, Laredo, Luling, Mexia, Breckenridge, Ranger, Corsicana, and Wichita Falls.

Branch who is in Galveston for ments for the fishing schooner race for the Championship of Tropic Waters, which will be held off Galveston island in August, is a native of his celebrated brother, Mike Gibbons, for more than fifteen years, and immediately on receiving word that the articles for the fight had been signed, he arranged to represent the promoters in Texas and secured a block of ringside seats for the use of fight Flying From Gulf

We want the news, all the news of all the people, while it is news, in or telephone 146 or 361 news items and requests the readers to send and personals of their friends and acquaintances.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexis, Texas, under the act of March 3, 1879.

FROM VILLAGE TO CITY STYLE

Now that Mexia is rapidly assuming city airs and styles. there is one important improvement that seems to have been overlooked-at least neglected-and that is a more systematic and convenient system of street naming and numbering.

While we are building more school houses and churches, libraries, YMCA, parks, paved streets, etc., we are still stumbling along under a primitive system of street designations. How many Mexiaites—newcomers or old timers—can tell whether Bonham, Palestine, Bowie, or Kaufman run east and west or north and south and in what part of the city? Not many we imagine. The entire lack of system means that one must just hodily remember where they are and which way they fun.

The Daily News suggests a plan and hopes the city commission will give it consideration. Here it is:

The streets on the East side of the H. & T. C. railroad and running north and south to be called avenues and lettered, beginning with the street paralleling the said H. & T. C. railroad as Avenue A, and so on east Avenues B., C., D. and so on.

The streets running East and West to be numbered, except the street now known as Commerce to be called Center street, and the streets north or said Center street to be given the odd science. Admitting its moral teachnumbers—1st, 3rd, 5th, 7th and so on.

The streets south of Center street to be given even numbers-2nd, 4th, 6th, 8th, and so on.

The streets west of the H. & T. C. Railroad and running North and South to retain the names they now have.

The streets running East and West and numbered, extending West of the H & T. C. railroad to be numbered, that is the numbers extending from the east side, and designated as West 1st, and East 1st, and so on.

Houses to be numbered with odd numbers on left side of street and even numbers on right side going from starting

The house numbers to change hundreds in each block. At present there are numerous "bulls" in numbering houses and marking streets. A few are here enumerated.

Going south on McKinney street you will see a sign at the corner of the J. K. Hughes residence "East Tyler Street." A little further south will be found another "East Tyler street" sign, making two Tyler streets. The error is that the street between the school and the J. K. Hughes residence is not Tyler et all, but is Monger avenue. Still further south the "Smith sign is or was until it was broken down and destroyed, planted on Houston street, while there was never any sign on

There are many errors in numbering houses-right in town at that-for instance, 100 numbers and 200 numbers are in the same block on South Sherman street, in front of the Farmers

Again, up at Sumpter street the "fly by night" fellow that put up the house numbers, while working in the 500 block, suddealy decided to change to 600 and then crossed the next street and continued the 600 numbers. And on this street the even numbers are placed on the left side of the street, odd numbers on right, while the reverse is the rule on all other streets.

Again the 300 block on North Canton is an "offset" east of the 500 block on Kaufman street, and the 300 block on Carthage is an offset to the south of the 200 block on Milam.

Other instances might be mentioned as there are doubtless other errors, but these are sufficient to show that a new system! of naming the streets and numbering the houses should be adopted without unnecessary delay. The importance of the city demands it in order that a stranger coming here, as well as "old residents" might not get lost while trying to locate "1001 Mys-

What say you, gentlemen?

COTTON MILL COMMITTEE CAUTIOUS

Realizing the interest felt in the cotton mill proposition by the general public and particularly that part of it subscribing to the stock of the Mexia Textile Mills, and in reply to numerous questions as to the status of the matter, the Chamber of far beyond the present orbit of Nep- mindful of him, or the son of man, Commerce vouchsafes the following statement:

There are two very vital considerations that have entered into the matter since the subscriptions to the stock of the Mexia Textile Mills was raised. One is the advanced cost of consider; able indispensable material going into the construction of the mill and the other is the declining market on cotton, which has caused the demand for cotton goods to slack off. Mr. L. W. Robert stated to a Mexia party recently that after a careful estimate, it was his opinon that it would cost from \$35,000.00 to \$50,000.00 more to build now than it would likely cost within six months or a year. In view of the poor demand for cotton goods at the present time, he thought it very unwise to rush Into the building of the mill. With an advancing market and a commandment? Sunday by Divine command was established as strong demand he thought it sometimes wise to ignore construction costs, but that it is unquestionably foolish to rush into a rest our bodies from physical and mental care contemplate the declining market. The mill would simply throw away that much works of Almighty God and worship God according to the Dimoney that would have to be made back before any profit could vine command. Our attendance at church service is the first

Mr. Robert stated that early in June he expected to come to Mexia to discuss with the committee the plan of signing up the contract stipulating that building operations be commenced within some given period of time, possibly six month or a year, collecting a certain percentage of the subscriptions and placing the money out at interest with some highly approved security

as collateral. Since the Cannon-Robert people were here there has developed a probability of some eastern parties building a much larger mill, than that contemplated, with no larger investment on the part of the Mexia people, but these people also state that Sunday school at 9:45 a. m. Services they want to reserve the right to build "within twelve months" on account of the present demand for cotton goods and the cost of Waco. The Senior B. Y. P. U. and can Slavery, and How it is Relieved." your wick and afflicted to be healed of construction. Their view of the advisability of building now Junior B. Y. P. U. will be held at mincides exactly with that of the Cannon-Robert people.

The local committee, all of whom have been consulted, also deem it very unwise to rush headlong into the project unless conditions are right. They are merely doing their best to assure those who have subscribed to the stock that their interests will be taken care of to the best of their ability.

There are certain advantages to be gained by a more deliberate proceedure. One of no small consideration would be the Bondage Which is Worse than Afriability to take more time and care in the selection of a site. can Slavery and How it is Relieved." After the contract is signed up, the organization could be perfected, officers and directors selected, plans decided on and at 9:45 a. m. and 7 p. m. things gotten ready in a more deliberate way to begin the building at a more propitious time.

It seems that while Clara sought a throne she was thrown afternoon at 4 o'clock. in jail—and will now have time to reflect on the uncertainty The Junior Missionary Society of all earthly ambitions.

ORGANIZATION FOR COMMUNITY RECREATION

By CHARLES PORTER FINDLEY

Mexia will sure have a playground. After the meeting hald Thursday at the home of J. K. Hughes, who made the generous present of Mexis's first playground. With the rapid growth of the Playground movement many people have asked: "Why should we teach children to play?" Can play be led? Some object on the ground that leadership takes from the child his initiative, and encreaches "the sacred domain of childhood."

The theory that the play instinct, innate in every child, and the desire and volition to play, make it unnecessary for a child to be taught how to play, is an exploded one. George E. Johnson, formerly of Pittsburgh says, "Did a boy ever play baseball who was not taught by some one? A boy no more inherits an instinct for throwing just as a bird inherits the instinct for singing but not the song. When this instinct is not supervised, what happens? Some Pittsburgh boys were arrested and brought to the juvenile court. They had thrown rocks at moving passenger cars in the ravine below them. If it had been these boys would have been in a baseball field or playground, ball throwing would have taken the place of stone throwing."

Let's all help the Playground Movement and have the boys of Mexia throwing baseballs and not stones at pass-

It Makes a Wonderful Difference

Think of this for a moment

CE makes a wonderful difference in I your comfort and health, yet it costs so little that most people actually forget the big part it does play in better living.

Ice keeps the butter hard, the milk pure, the lettuce crisp and tender; with it meat does not spoil; food is saved. Try eating uniced foods for a short while during really warm weather and you will know the difference it makes.

These are vital facts:

Ice is an absolute necessity the whole year 'round, but during these spring days it is absolute folly to expose your foods to the varying temperatures which are so harmful to purity and flavor.

Telephone us today to start service.

The Rocking Brush---A Great Improve-

"The greatest improve ment in house cleaning devices in the past ter years," that's what engineers say of the Magnetic Rocking Brush, which is one of the 31 exclusive features of the New Magnete House Cleaning Device,

The brush has hereto fore been the weak feature of all house clean ing devices, for the motor - driven revolving brush was not only injurious to the carpet but required motive power and hence cut down the suction. This type of brush had to be removed to clean.

Neither was the stationery brush satisfac tory for this only got the surface dirt.

Birtman **Electric** Company Solves he

But the Birtman Electric company of Chicago have solved the brush problem, with the New Magnetic Rocking Brush which is neither revolving nor stationary, but rocks back and forth with the action of the sweeper, brushing the surface of the carpet just enough to get the ravelings and stir up the dirt for the Magnetic's powerful suction to take

TEAM AVERAGES

Janiar, A88 6 19

Sain, G119 16 29

BASEBALL DRAFT

By HENRY L. FARRELL United Press Sport Editor

NEW YOKR, May 27-After trying any number of methods to break up the opposition of the leading minor leagues to the draft, the major league club owners probably have found the. solution of their problem in the rule prohibiting the transfer of any league player to a league that will not necept the draft.

Discontent has found its way into the American Association and the Toledo and Indianapolis clubs, which are in great need of playing strength, may work up enough support before the end of the season to have the draft

The Toledo and Indianapolis clubs with the New York Giants and the .200 obtained many valuable players which .200 John McGraw wanted to send out for .200 development. Under the present conditions, McGraw cannot give them tag lift, although he has many players that he would rather have being schooled in the association than on the

> The Pacific Coast League is also hearing complaine from several clubs 1 .154 that need help, and it seems probable that a big fight will be staged this winter at the latest.

The Class AA leagues took the stand first that they did not need help from the majors, and while it is probable that they can go along for a while, it is almost certain that they AB R H HR SB Pet will eventually have to make a few .973 190 291 13 45 .299 .936 110 225 31 27 .240 with young players,

For the Giving of Jewelry

Human nature has always been the same. Thousand of years ago Gold and Silver and Precious Stones were the gifts de Luxe just as they are today.

The Prodigal Son was hungry---good and hungry---also he was ragged. He decided to go home.

While he was yet afar off his daddy saw him hoofing it in---footsore and weary. What did he do?

Why, he ran to him, and welcomed him---and quite naturally clothed him and put shoes on his feet---then---HE PUT A RING ON HIS FINGER.

That old man had sense---he didn't waste his money---he knew what would make that wayward boy happiest. He bought jewelry.

Chances are, had he lived in Mexia, he would have bought the ring---you know he had

Ohio Northern University Confers Doctor of Divinity Degree on Rev. D. C. Bayless

ADA, Ohio, May 23-Rev. David Carson Bayless of Denver, Colorado. was invested with the honorary degree of Doctor of Divinity by the Ohio Northern University at the Commence ment exercises.

Doctor Bayless is the executive secretary of The Humphrey's Foundation of Denver. During a provious visit to Ohlo Northern last February he became instantly popular with the studay in chapel, the attendance increasing with each sermon.

In recognition for his services for Christianity the University authories decided to confer upon him the high school.

FOR CHAMPIONSHIP By HENRY L. FARRELL

(United Press Sports Editor) NEW YORK, May 25 .- No fighter with all the natural ability and the dramatic color of Luis Angel Firpo, the South American caveman, has ever come up to make a strike for the world's heavyweight championship.

Firpo, with a tiger skin draped across his huge, harly chest and the bone of a mastadon in his grasp, Dallas. would look more at home stamping through the underbrush of a jungle. Dalias. In the ring, with the modern implements of war, his brute strength and Dallas. his natural fighting qualities are just as impressive.

Unless all'signs fail, Firpo is headed for the title. It may take some time for him to get there, but he is almost sure to arrive.

The list of men he has beaten in this country during his short career s not impressive, but the manner in which he has won and the steady improvement that has been observed in his work makes it obvious that he has all the makings of a great figh-

Perhaps he is not ready for Dempsey, just yet, and along that line it would be the wise thing for the champion to arrange a match with him before he gets ready. Dempsey will get no better as he goes along, and the transformation that is being worked in the Argentine giant is marvelous. Behind the transformation of Fir-

po from almost a savage state to a There is no subject that will hold polished, modern fighter is the masthe attention longer, and yet how ter-hand of Jimmy De Forest, the greatest trainer of boxers in the De Forest made Jack Dempsey the

champion of the world. It took him two years to do it, and in two months Catarrh of the nose and accessory under the terrible handscap of teachsinoses and of the throat and ears, ing a pupil who understands not a word of what he was saying, De Foruntil within recent years builfied the est has made almost as much proefforts of all doctors, who attempted gress as he made with the present

MEXIA DRY GOODS CO.

J. K. HUGHES GIVES PARK SITE TO MEXIA

Waco's Revived Team Wins From Pennant Leaders

the old-timers hark back to the days at the local ball yard this senson, ney grounded to Ludwig. And in doing so he outpointed Tiner, | premier Mexia hurler, likewise one with the Wiconis in the ton.

day, and he not only has considerable gave a creditable performance both on that old agate, but he's smart, in the field and at the bat, He was not in the hole as often as Ladwig, although the docals clicked his delivery for eight blows.

Wacoans Score in Eighth The lone run of the game did not come until the eighth, and that score came after two were down. In that inning, Griggs grounded out, Tiner to Royater, and Untz, second up, was struck out. Gillespie, the hard-hitting Waco outfielder, who was playing third base yesterday in lieu of Waller, who was out of the game due to sickness, was hit by a pitched ball and strolled to first. The spowly Gillespie then pilfered second. Jack Shires, acting manager of the club, then bit a sizzling liner to right for a single, and although Howell nude a perfect peg to the plate, the spordy Gillespie slid safely in Ferguson caded the round by goon dive to Leedy, who made a pretty play and Lot his man at first by an eye

It took sensational pitching under fore for Ludwig to turn back the visltors in the second. Butler orened the round with a hit, and Bechtel sacrificed him to second. Bryan grounded to Gillespie, who became confused and threw to second, Bryan being rafe at first, Howell hit into a made

FIRST PHOTOGRAPH OF HOT SPRINGS DISASTER.

This photograph shows the paving on Central Avenue, the main street of Hot Springs, Arkansas, ripped up by the torrents which recently inundated the city. While the flood was at its height a disastrous fire broke out, but fortunately there was no loss of life. Immense blocks of asphalt, some 20 by 50 feet, were carried for several blocks by the waters. These blocks were six inches thick and weighed several tons.

Hughes Family Also Contributes \$2,700 To Fund For Improvement

LADIES OF MEXIA FORM CIVIC great benefactor for his noble an LEAGUE TO SEE THAT NEW PARK IS BEAUTIFIED.

At the invitation of Mr. and Mrs. J. K. Hughes of this city, the Mayor, Ernest Watson, both Commissioners W. C. Wilson and Rex Forrest, about 25 Mexia ladies and A. Garland Adair of the Mexia Daily News, assembled at his lovely frome at 4:00 o'clock Thursday afternoon.

Neither Mr. nor Mrs. Hughes suggested or hinted at the purpose of through the assistance of the ladies, the gathering. But there was a mystery about the very silence of the cordial invitations, which was revealed soon after assemblage.

Mr. Hughes called the gathing to order, stating that he was no speech maker but that he felt that he had a message that all present would take notice of. After a few timely remarks he drew a piece of paper one of the most beautiful parks in from his pocket which he said was a deed to the City of Mexia of a 12acre tract of land, in the business district of Mexia, which he and the members of his family had made out as a present to the city. The land i's located southeast of the present kins street on the North, by Canton and by acreage owned by Mexia on present retired to visit the park site, the South. Mr. Hughes stated that after partaking of the refreshments he had long observed a need in Mexia served. The ladies continued their for a play ground and a recreation business session and following some resort for the masses of all classes, discussion voted to meet again next in a locality easily available and accessible to everyone, old and young, rich and poor. He had therefore puridea in view of giving it to the city acquired properties. to he used as a public play park. He stated that funds would be necessary in order to convert it into a proper may very easily be controverted into play place, but that he thought that a natural amphitheatre. generous act of thoughtfulness. He stated that the city officials would do all in their power, with the means at their disposal, in order that the very best results might be obtained from his donation. The other commissioners also spoke with gratitude and encouragingly. The Mayor stated that the city now had no fund available but that he felt sure some method of raising the necessary means, in order to beautify the park grounds at an early date.

The ladies were generous in their remarks of approval and acceptance of the charge placed with them. Upon the suggestion and later a motion of Mrs. A. H. Berry, a Civic League was organized, whose first service will be to transform the spot into Texas. Mrs. Weaver Barnett was elected President; Mrs. A. H. Berry, Vice President; Mrs. George Peyton Secretary and Mrs. Jack Womack, At this juncture Mr. Adair pledged

It Makes a Wonderful Difference

Think of this for a moment

CE makes a wonderful difference in your comfort and health, yet it costs so little that most people actually forget the big part it does play in better living.

Ice keeps the butter hard, the milk pure, the lettuce crisp and tender; with it meat does not spoil; food is saved. Try eating uniced foods for a short while during really warm weather and you will know the difference it makes.

These are vital facts:

Ice is an absolute necessity the whole year 'round, but during these spring days it is absolute folly to expose your foods to the varying temperatures which are so harmful to purity and flavor.

Telephone us today to start service.

What Wonderful Teelings of Pride, Contentment, rotection and Happiness Surrounds Ideal Floring

Yes, the ideal home is a wonderful place. The pride, contentment and happiness you receive, together with love and devotion, strengthened by the knowledge that permanent protection is assured yourself and loved ones, makes its ownership man's greatest achievement.

But there is a difference between a house and a home. Home means distinctiveness, convenience, ownership. A house is simply a make-shift existence—owned by indifferent people who may at any time decide to pull it down and build something else, raise your rent, order you to move -you have no recourse but to obey.

It's your duty and privilege to acquire a real HOME now, while it is possible; it's our business to provide you with suitable plans, there are hundreds to select from in our Photographic Plan Service—and it is also our business to furnish you with first class materials of all kinds which will assure permanency.. The advice of our experts is constantly at your disposal. See us today or let us know your wants and our representative will call on you.

WORKING THE "COMBINATION"

A combination lock usually protects something valuable. The more valuable the article protected the more complicated the "combination", as a rule.

It requires a certain degree of knowledge and some practice to "work it". In this respect the combination to prosperity is no different from others.

In a farming community like ours, the door to prosperity may be opened, with close application and patience, by working the following combination properly.

Feedstuffs-milch cows-hogs-poultry.

You may need some help-if so, use us. We're here for exactly that.

DANGEROUS TO **NEGLECT HIGH BLOOD PRESSURE**

Does your system seem to have "slowed up?" Doos your heart palpiinte or breath become inbored on tlight exertion? Are you weak, nerrous and a poor sleeper? Do you have dizzy spells? Is constipation sport which is chocked to capacity frequent? Have you ringing in ears? High Blood Pressure may cause

ture death. If you have any of these sympbile, the liver, and the organs of digostion and elimination. Then they horses and the second-raters. cast out in nature's own way, the wastes and poisons which have caus-

neglected it may lead to a prema-

ed your high blood pressure. Recently Bi-n-lin has been put up In pleasant convenient tablets so that anyone may have it without a prescription. It is harmless as well as effective. For not only does it reduce high blood pressure, but it also tones up the great internal organs and thus gives you a new lease onlife. Try Bi-a-lin today and see how quickly you begin to feel years younger. Sold by all good druggists such as the Mexia Drug Co., and Anderon & Gilliland.

TRAGERY OF GREEDY

FIGHT MANAGERS

By HENRY L. FARRELL

NEW YORK, May 25 .- Two tragedies, in which Greed, as represented in a selfish manager, acted as the triumphant villain over unsophisticated youth, were enacted recently on the fight stage, and they put another blot on the history of a sport that is: all blotted up almost to capacity.

Floyd Johnson, the gamest youngster that ever put on a glove, and Young Jack McAuliffe, just out the ring crib and learning how to walk, were sacrificed by managers who wouldn't take the slow and roundabout way to hig money.

The case of McAuliffe is particuhaly tragie. His manager sold his j monet the night before he was to; Lu's Firpo, the most dangerbody weight in the ring.

was not enough to shove Mein the ring against a man} hal not one chance in ten → beat; it was not enough to' a to take the risk of permamand deschility for a purse. P: it was not enough to ask

TEXAS OIL MEN **EXPECTED TO** ATTEND BIG

Texas will be represented at the ring when Jack Dempsey and Tom Gibbons settle their 15 round disship of the world at Shelby, Mont., It is the first gusher to have been July 4, if plans formulated by Wilman, are carried through.

Branch has secured a block of the best ringside seats to the big mill and is organizing a special train plans materialize, there will be more than 150 fight fans from the Lone Star State in a solid group right up in front on Indepndence Day.

It is expected that a large number of Texas oil men will make the trip as Branch has arranged the itinerary of his party so that a stop! will be made at Casper, Wym., on the return. This will enable oil men to inspect the vast new field opening up there. Shelby, the seat of the big fight, is the newest oil town on the map, itself and arrangements have been made for an inspection of the new field there, the morning of the fight.

Twenty Texans have already announced their intentions of making the pilgrimage to fistania's shirne, and have made reservations with Branch. This response was purely special train quota will quickly be subscribed. Special efforts will be tonio, Dallas, Houston, Fort Worth, and the oil centers such as Beaumont, Laredo, Luling, Mexia, Breckenridge, Ranger, Corsicana, and Wichita Falls

We want the news, all the news of all the people, while it is news in or telephone 146 or 361 news items and requests the readers to send and personals of their friends and acquaintances.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

FROM VILLAGE TO CITY STYLE.

Now that Mexia is rapidly assuming city airs and styles, there is one important improvement that seems to have been overlooked-at least neglected-and that is a more systematic and convenient system of street naming and numbering.

While we are building more school houses and churches, libraries, YMCA, parks, paved streets, etc., we are still stumbling along under a primitive system of street designations. How many Mexiaites-newcomers or old timers-can tell whether Bonham, Palestine, Bowie, or Kaufman run east and west or north and south and in what part of the city? Not many we imagine. The entire lack of system means that one must just bodily remember where they are and which way they run.

The Daily News suggests a plan and hopes the city commission will give it consideration. Here it is: The streets on the East side of the H. & T. C. railroad and

running north and south to be called avenues and lettered, beginning with the street paralleling the said H. & T. C. railroad as Avenue A, and so on east Avenues B., C., D. and so on.

The streets running East and West to be numbered, except the street now known as Commerce to be called Center street, and the streets north or said Center street to be given the odd numbers-1st, 3rd, 5th, 7th and so on.

The streets south of Center street to be given even numbers-2nd, 4th, 6th, 8th, and so on.

The streets west of the H. & T. C. Railroad and running North and South to retain the names they now have.

The streets running East and West and numbered, extending West of the H. & T. C. railroad to be numbered, that is the numbers extending from the east side, and designated as West 1st, and East 1st, and so on.

Houses to be numbered with odd numbers on left side of street and even numbers on right side going from starting

The house numbers to change hundreds in each block. At present there are numerous "bulls" in numbering houses and marking streets. A few are here enumerated.

Going south on McKinney street you will see a sign at the corner of the J. K. Hughes residence "East Tyler Street." A little further south will be found another "East Tyler street" sign, making two Tyler streets. The error is that the street between the school and the J. K. Hughes residence is not Tyler at all, but is Munger avenue. Still further south the "Smith Street" sign is or was until it was broken down and destroyed, planted on Houston street, while there was never any sign on

Smith street. There are many errors in numbering houses-right in town at that-for instance, 100 numbers and 200 numbers are in the same block on South Sherman street, in front of the Farmers

State bank. Again, up an Sumpter street the "fly by night" fellow that put up the house numbers, while working in the 500 block, suddealy decided to change to 600 and then crossed the next street and continued the 600 numbers. And on this street the even numbers are placed on the left side of the street, odd numbers on right, while the reverse is the rule on all other streets.

Again the 300 block on North Canton is an "offset" east of the 500 block on Kaufman street, and the 300 block on Carthage is an offset to the south of the 200 block on Milam.

Other instances might be mentioned as there are doubtless other errors, but these are sufficient to show that a new system of naming the streets and numbering the houses should be account of the creation, and who save this earth from annihilation, on the leading Egyptian indoor Sports. from there to the Men's Bible class at East Hopkins. adopted without unnecessary delay. The importance of the city demands it in order that a stranger coming here, as well as "old residents" might not get lost while trying to locate "1001 Mys-What say you, gentlemen?

COTTON MILL COMMITTEE CAUTIOUS

Recliging the interest felt in the committee of th terious Street."

Realizing the interest felt in the cotton mill proposition by the general public and particularly that part of it subscribing with the idea that originally the sun heaven, the work of thy fingers, have given him a Rep which makes to the stock of the Mexia Textile Mills, and in reply to numerous questions as to the status of the matter, the Chamber of far beyond the present orbit of Nep- mindful of him, or the son of man, Commerce vouchsafes the following statement:

There are two very vital considerations that have entered into the matter since the subscriptions to the stock of the Mexia Textile Mills was raised. One is the advanced cost of considerable indispensable material going into the construction of the mill and the other is the declining market on cotton, which has caused the demand for cotton goods to slack off. Mr. L. W. Rob-

Mr. Robert stated that early in June he expected to come to Mexia to discuss with the committee the plan of signing up the contract stipulating that building operations be commenced within some given period of time, possibly six month or a year, collecting a certain percentage of the subscriptions and placing the money out at interest with some highly approved security

as collateral. Since the Cannon-Robert people were here there has developed a probability of some eastern parties building a much larger mill, than that contemplated, with no larger investment on the part of the Mexia people, but these people also state that Sunday school at 9:45 a. m. Services they want to reserve the right to build "within twelve months" at 11 and 8 preaching by Rev. Cooper Bondage Which is Worse than Afri- hear the message of God, also bring on account of the present demand for cotton goods and the cost of Waco. The Senior B. Y. P. U. and can Slavery, and How it is Relieved." your sick and afflicted to be healed of construction. Their view of the advisability of building now Junior B. Y. P. U. will be held at oincides exactly with that of the Cannon-Robert people.

The local committee, all of whom have been consulted, also their usual hours. deem it very unwise to rush headlong into the project unless conditions are right. They are merely doing their best to assure those who have subscribed to the stock that their interests will be taken care of to the best of their ability.

There are certain advantages to be gained by a more deliberate proceedure. One of no small consideration would be the ability to take more time and care in the selection of a site. can Slavery and How it is Relieved." After the contract is signed up, the organization could be perfected, officers and directors selected, plans decided on and at 9:45 a. m. and 7 p. m. things gotten ready in a more deliberate way to begin the building at a more propitious time.

It seems that while Clara sought a throne she was thrown -in jail-and will now have time to reflect on the uncertainty of all earthly ambitions.

ORGANIZATION FOR COMMUNITY RECREATION

By CHARLES PORTER TINDLEY

Mexia will sure have a playground. After the meeting held Thursday at the home of J. K. Hughes, who made the generous present of Mexia's first playground. With the rapid growth of the Playground movement many people have asked: "Why should we teach children to play?" Can play be led? Some object on the ground that leadership takes from the child his initiative, and encroaches "the sacred domain of childhood."

The theory that the play instinct, innate in every child, and the desire and volition to play, make it unnecessary for a child to be taught how to play, is an exploded one George E. Johnson, formerly of Pittsburgh says, "Did a boy ever play baseball who was not taught by some one? A boy no more inherits an instinct for throwing just as a bird inherits the instinct for singing but not the song. When this instinct is not supervised, what happens? Some Pittsburgh boys were arrested and brought to the juvenile court. They had thrown rocks at moving passenger cars in the ravine below them. If it had been these boys would have been in a baseball field or playground, ball throwing would have taken the place of stone throwing."

Let's all help the Playground Movement and have the boys of Mexia throwing baseballs and not stones at pass-The later is not a fair that we will be a fair to the first of the fair of the

THE SEVENTH DAY

"Six days shalt thou labor, and do all thy work."-Ex. 20-9. Everyone needs at least once a week the uplifting and spiritual nourishment which we receive through attending church ert stated to a Mexia party recently that after a careful esti- service. There are 168 hours in each week. How many of these mate, it was his opinon that it would cost from \$35,000.00 to do we spend in idle moments? How many of these hours could \$50,000.00 more to build now than it would likely cost within be saved by planning our work and eliminating the unnecessary six months or a year. In view of the poor demand for cotton things? One of the Divine commandments is to "Remember the They could have dug up a hungoods at the present time, he thought it very unwise to rush Sabbath Day to keep it Holy." How many of us keep this one and if they goods at the present time, he chought it very unwise to that a commandment? Sunday by Divine command was established as and kept the good news to themstrong demand he thought it sometimes wise to ignore construct a day of rest and worship. This day was set aside that we may selves only a few Bald Headed Histion costs, but that it is unquestionably foolish to rush into a rest our bodies from physical and mental care contemplate the declining market. The mill would simply throw away that much works of Almighty God and worship God according to the Dimoney that would have to be made back before any profit could vine command. Our attendance at church service is the first step in keeping God's command.

At the West Texas Chamber of Commerce meet they had a big spread of eats and the menu contained mutton and chevon. About on a par with the fellow who had a variety of eatsbeans for dinner and more beans for supper.

It Makes a Wonderful Difference

Think of this for a moment

CE makes a wonderful difference in your comfort and health, yet it costs so little that most people actually forget the big part it does play in better living.

Ice keeps the butter hard, the milk pure, the lettuce crisp and tender; with it meat does not spoil; food is saved. Try eating uniced foods for a short while during really warm weather and you will know the difference it makes.

These are vital facts:

Ice is an absolute necessity the whole year 'round, but during these spring days it is absolute folly to expose your foods to the varying temperatures which are so harmful to purity and flavor.

Telephone us today to start service.

The Rocking Brush---A Great

"The greatest improve ment in house cleaning devices in the past tell years," that's what engineers say of the 'Mag netic Rocking Brush,' which is one of the 3 exclusive features of the New Magnete House Cleaning Device,

The brush has hereto fore been the weak fea ture of all house cleans ing devices, for the mo tor - driven revolving brush was not only in jurious to the carpet but required motive power and hence cut down the suction. This type of brush had to be removed to clean,

Neither was the stationery brush satisfac tory for this only, got the surface dirt.

Birtman Electric Company Solves The Prohem

But the Birtman Electric company of Chicago have solved the brush problem, with the New Magnetic Rocking Brush which is neither revolving nor stationary, but rocks back and forth with the action of the sweeper, brushing the surface of the carpet just enough to get the ravelings and stir up the dirt for the Magnetic's powerful suction to take

105 B. EAST COMMERCE STREET

Champion Lightweight to restle but glad now that I did The main event was a corker." "Kid" Florrie to a Finish Next Thursday Night at Legion Airdome

been heard on all sides in regard to our efforts to give a clean bill. the athletic show given by the Amer | A few of the comments of some of ican Legion, on last Tuesday, that the leading men of the town, who successful effort has been made to were present at the last match, folrepeat the performance, and rematch the two contestants of the main event. The concensus of opinion is that the match between Kid Thomric was by far the best, cleanest and most scientific match ever offered to the fans of Mexia.

Kid Thomas, who, by the way, is see." the acknowledged lightweight chambeing the most scientific man of his inches in the country. He has met and defeated all of the stars of his division, and today stands preeminently the king of them all at his weight. On the other hand, Kid Florrie, a local boy, and very well known, has not had the experience of his rival, but is no doubt the strongest man of his weight to be found around these parts. After the last match, the champion told the writer that Kid Florrie was by far the strongest man he had ever tackled, and that if he kept coming along at the rate he has been traveling, he would be the champion in a very short time

The last match between these two. was a handicap affair, in which the champion agreed to throw Kid Florrie twice in an hour. This, however, he was unable to do, and the first fall was not obtained until forty one minutes of the most gruelling kind of work on the part of both contestants. In the forthcoming match the boys will wrestle best two out of three falls, and so confident is Kid Florrie that he can take the measure of the champion, that he has agreed to wrestle on a winner take all basis. There is no doubt in the minds of the fans, that this match, will be by far, the very best that has ever been offered to the people of Mexia.

It has been noticed that at the last match, a large majority of those present were ladies, and they all seemed to be thoroughly enjoying themselves. It has been the aim of the Legion, to cater to the better class, and especially to the ladies. and we have been very well repaid by the wonderful patronage of the gentler sex. Everyone agrees that the shows in the past have been as clean as could possibly be, and the ladics especially have been very gen-

So much favorable comment has erous with honest praise in behalf of

Mr. Moseley, of the Neece Lumber Co. "The main event was by far the best bout I have ever witnessed, as of Chicago and our own Kid Flor- The whole show was good, but the main event actually took me by storm. A finish bout between these boys would be worth going miles to

NOTHING ADDS MORI TO THE DISTINCTIO OF A WELL DRESSED MAN-OR WOMAN THAN WELL SELECTED **JEWELRY** OF TASTE AND QUALITY

There is Ample Precedent

For the Giving of Jewelry

Human nature has always been the same. Thousand of years ago Gold and Silver and Precious Stones were the gifts de Luxe just as they are today.

The Prodigal Son was hungry---good and hungry---also he was ragged. He decided to go home.

While he was yet afar off his daddy saw him hoofing it in---footsore and weary.

What did he do?

Why, he ran to him, and welcomed him---and quite naturally clothed him and put shoes on his feet---then---HE PUT A RING ON HIS FINGER.

That old man had sense---he didn't waste his money---he knew what would make that wayward boy happiest. He bought jewelry.

Chances are, had he lived in Mexia, he would have bought the ring---you know he had sense -- from---

Trying To End The Another rum smuggler, who sneer-

AUSTIN, Texas, May 26,-Possibility that the third called session of the thirty-eighth legislature would be completed by the end of next week was the chief topic of discussion of Capitol Hill today.

Representative Satterwhite, chairman of the joint committee named to consider ways and means of balancing the state's income and expenditures says a plan has been mapped out by which the legislature may adjust the finances and adjourn

by next Saturday night. Satterwhite's announcement follows a conference with Governor. Neff at which the proposed program was unfolded. He refused to make public the details of the plan; but indicated this would be done today when a report of his committee was

expected. Yesterday's activities in the legis-

lature follow: SENATE:

Adopted resolution creating nonsalaried forestry committee. Engrossed Darwin bill appropriat-

ing \$70,000 for eradication of pink bollworm.

Amended Floyd resolution to put Senate on record as opposed to reduction of appropriations for schools. HOUSE:

Killed bill raising salary of tax commission.

Favorably reported: Carpenter bill to penalize owners for not rendering property and assessors for not requiring affidavits. Patman bill levying tax on automobile tires. Downs bill requiring collectors to certifythat they have used diligence in trying to collect delinquent taxes. House bill appropriating fund to collect in-

heritance taxes. Unfavorably reported Quinn bill putting fire casualty and surety: ompanies under Robertson law as

SCHOOL NOTES ...

On Thursday forenoon the Seniors met with Supt. Johnson and Miss Desemberg to determine the honors. All competing students had an opportunity to read from the "big book" the a word of the past four years. By rules of the school a student must have been a member of the high school four years to compete for the honors of graduation. This rule eliminated some strong contestants from the race. The successful students were: Miss Dorothy Moore, 93.53%; Miss Janie Berry, 93.48% and Jim Smith. 90.88%... Miss Moore becomes the Valedictorian of her class, and Miss Berry the Salutatorian.

Prof. Johnson has received a num ber of scholarships from the leading schools of Texas. These will be given to the honor students on Monday night.

By HENRY L. FARRELL

FOR CHAMPIONSHIP

(United Press Sports Editor) NEW YORK, May 25 .- No fighter with all the natural ability and the dramatic color of Luis Angel Firpo, the South American caveman, has ever come up to make a strike for the world's heavyweight championship.

Firpo, with a tiger skin draped across his huge, harry chest and the bone of a mastadon in his grasp, would look more at home stamping through the underbrush of a jungle. In the ring, with the modern implements of war, his brute strength and his natural fighting qualities are just as impressive.

Unless all signs fail, Firpo is headed for the title. It may take some time for him to get there, but he is

almost sure to arrive. The list of men he has beaten in this country during his short career is not impressive, but the manner in which he has won and the steady improvement that has been observed in his work makes it obvious that he has all the makings of a great figh-

Perhaps he is not ready for Dempsey, just yet, and along that line it would be the wise thing for the champion to arrange a match with him before he gets ready. Dempsey will get no better as he goes along, and the transformation that is being worked in the Argentine giant is

marvelous. po from almost a savage state to a the attention longer, and yet how ter-hand of Jimmy De Forest, the

De Forest made Jack Dempsey the champion of the world. It took him two years to do it, and in two months under the terrible handicap of teachsinoses and of the throat and ears, ing a pupil who understands not a per monn, another house on lot paynished, \$15 per month. 409 East until within recent years baffled the est has made almost as much pro-

Dempsey and Firpo in starting out had much in common. Both are natuhas revealed the cause and enabled ral fighters and neither knew how to the medical profession to prepare a hit when they started. Both are weak on the defensive and they both fight ful disease that if life alone leads on the theory that a strong offenbut to the grave, via the consump- sive is the best defense. Keep the other fellow so busy he hasn't time puppy, five months old, very long poisons that other complications to attack is sound strategy when a

LA HUGHES GIVES PARK SITE TO MEXIA

Waco's Revived Team Wins From Pennant Leaders

at the local ball yard this season, ney grounded to Ludwig. And in doing so he outpointed Tiner, premier Mexia hurler, likewise one afternoon in the rubber contest of of the most effective pitcher; in the the series. Just now Waco has the circuit. The final score was 1 to 0 best pitching staff in the league, with the Wacoans in the wan.

though errors by his teammates als, while Meeks will probably be merely gave him an opportunity to ever, may go in the box in order that demonstrate just how effective he Ferguson might be used in the outcould be under trying circumstances. field. Cecil Griggs after an absence first box appearance in Waco yester- to injuries returned yesterday and day, and he not only has considerable gave a creditable performance both on that old agate, but he's smart, in the field and at the bat. He was not in the hole as often as Ludwig, although the locals clicked his delivery for eight blows.

Wacoans Score in Eighth The lone run of the game did not come until the eighth, and that score came after two were down. In that inning, Griggs grounded out, Tiner to Royster, and Untz, second up, was struck out. Gillespie, the hard-hitting Waco outfielder, who was playing third base yesterday in lieu of Waller, who was out of the game due to sickness, was hit by a pitched ball and strolled to first. The speedy Gillespie then pilfered second. Jack Shires, acting manager of the Lewis, ss .. club, then hit a sizzling liner to right Griggs, lf4 for a single, and although Howell Untz, 2b made a perfect peg to the plate, the Gillespie, 3b3 guson caded the round by grounding Ferguson, rf to Leedy, who made a pretty play Lenoir, cf 3 0 0 and got his man at first by an eye Schroyer, c3 lash.

It took sensational pitching under fire for Ludwig to turn back the visitors in the second. Butler opened the round with a hit, and Bechtol sacrificed him to second. Bryan grounded to Gillespie, who became confusto order double play but the usually Tiner 1; Ludwig 3. Struck out: Lud-Whitney, a hard hitter, grounded to rifice hit: Bechtol. Hughes Family Also Contributes \$2,700 To Fund For Improvement

LEAGUE TO SEE THAT NEW PARK IS BEAUTIFIED.

At the invitation of Mr. and Mrs. J. K. Hughes of this city, the Mayor, Ernest Watson, both Commissioners W. C. Wilson and Rex Forrest, about 25 Mexia ladies and A. Garland Adair of the Mexia Daily News, assembled at his lovely Isome at 4:00 o'clock Thursday afternoon.

Neither Mr. nor Mrs. Hughes suggested or hinted at the purpose of through the assistance of the ladies, the gathering. But there was a mystery about the very silence of the at an early date. cordial invitations, which was revealed soon after assemblage.

Mr. Hughes called the gathing to maker but that he felt that he had a message that all present would take notice of. After a few timely remarks he drew a piece of paper from his pocket which he said was a deed to the City of Mexia of a 12acre tract of land, in the business district of Mexia, which he, and the members of his family had made out as a present to the city. The land is located southeast of the present high school building, bounded by Per ia Daily News in their plans and kins street on the North, by Canton no the East, by Bonham on the West and by acreage owned by Mexia on the South. Mr. Hughes stated that after partaking of the refreshments he had long observed a need in Mexia for a play ground and a recreation resort for the masses of all classes, in a locality easily available and accessible to everyone, old and young, rich and poor. He had therefore purchased the twelve acre tract with the idea in view of giving it to the city to be used as a public play park. He stated that funds would be necessary in order to convert it into a proper play place, but that he thought that this could be done with the city officials working in cooperation with the ladies of the city, whom he asked should be custodians, in the name

up \$2,700 to start the plans off. His message and his fine generous gift were received with applause.

LADIES OF MEXIA FORM CIVIC great benefactor for his noble and generous act of thoughtfulness. He stated that the city officials would do all in their power, with the means at their disposal, in order that the very best results might be obtained from his donation. The other commissioners also spoke with gratitude and encouragingly. The Mayor stated that the city now had no fund available but that he felt sure some method of raising the necessary means, in order to beautify the park grounds

The ladies were generous in their remarks of approval and acceptance of the charge placed with them. Uporder, stating that he was no speech on the suggestion and later a motion of Mrs. A. H. Berry, a Civic League was organized, whose first service will be to transform the spot into one of the most beautiful parks in Texas. Mrs. Weaver Barnett was elected President; Mrs. A. H. Berry, Vice President; Mrs. George Peyton Secretary and Mrs. Jack Womack, Treasurer.

At this juncture Mr. Adair pledged the ladies the assistance of the Mexvoiced appreciation to Mr. Hughes for the gift. Then, the gentlemen present retired to visit the park site, served. The ladies continued their business session and following some discussion voted to meet again next Thursday at the Public Library, All ladies of the city will be invited to become members of the Civic League. They later also inspected the newly acquired properties.

The acreage contains an old pool which has been drained and which may very easily be controverted into a natural amphitheatre. All were exceedingly pleased with the prospects of beautifying the grounds and converting them in to a real serviceable

public institution at an early date. All are glad that Mexia is to have a large Public Park, which all agree

the many articles that are to follow Mayor Watson accepted the offer this splendid offering which is anin well chosen words, thanking the other step toward a Better Mexia.

It Makes a Wonderful Difference

Think of this for a moment

CE makes a wonderful difference in I your comfort and health, yet it costs so little that most people actually forget the big part it does play in better living.

Ice keeps the butter hard, the milk pure, the lettuce crisp and tender; with it meat does not spoil; food is saved. Try eating uniced foods for a short while during really warm weather and you will know the difference it makes.

These are vital facts:

Ice is an absolute necessity the whole year 'round, but during these spring days it is absolute folly to expose your foods to the varying temperatures which are so harmful to purity and flavor.

Telephone us today to start service.

One and One-half Billion Miles of Satisfaction

Studebaker Special-Six owners have driven their cars a total of more than one and one-half billion miles!

This enormous mileage has been piled up in everyday service over every conceivable kind of road and under every condition of weather throughout

And no Special-Six has ever worn out. So far as we know there isn't a single dissatisfied owner. These one and one-half billion miles of satisfactory service prove positively the outstanding merit of the Special-Six.

It is the strongest recommendation possible for dependable performance, economical maintenance and long life. It is striking evidence of the high quality that is responsible for Studebaker Special-Six leadership in fine car sales.

To call a car "special" doesn't make it special unless there is special merit to back up the name. The Studebaker Special-Six is special not only in name but in performance. One and one-half billion miles to its credit are proof positive that it lives up to its name.

The name Studebaker is assurance of satisfaction.

One-piece, rain-proof windshield, automatic windshield cleaner and glare-proof visor. Quick-action cowl ventilator. Resr-view mirror. Combination stop-and-tail light, tonneau lamp with long extension cord. Running board step pads and aluminum kick plates. Eight-day clock. Thief-proof transmission lock.

Hats

-Top off the season with one of our new hats. Summer hats are as necessary to comfort as athletic underwear during the hot days. They're both conducive to coolness. Here you'll find just what you want in style, shape and color.

We've banged one on the nose, men! A little Babe-Ruth four-base play in the merchandise line brings home to you a real winner. You'll admit we've scored a big one when you come in to examine the following--

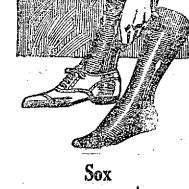

Shirts

-Summer days call for new clean shirts-shirts of quality-durable and good looking. Most every man throws aside his coat when the days get long and hot. Well, you will be dressed up even if you do, if you're wearing one of our shirts.

Ties Knitted and silk in pretty colors for Summer

-Pure silk and fiber hose, in a wide assortment of shades and rich colorings. Every minute you wear them, too, means coolness and comfort to the feet. Buy several pairs at a time. They last longer.

Belts

-A good assortment in various sizes. Tans and blacks are the

Yes, the ideal home is a wonderful place. The pride, contentment and happiness you receive, together with love and devotion, strengthened by the knowledge that permanent protection is assured yourself and loved ones, makes its ownership man's greatest achievement.

But there is a difference between a house and a home. Home means distinctiveness, convenience, ownership. A house is simply a make-shift existence—owned by indifferent people who may at any time decide to pull it down and build something else, raise your rent, order you to move -you have no recourse but to obey.

It's your duty and privilege to acquire a real HOME now, while it is possible; it's our business to provide you with suitable plans, there are hundreds to select from in our Photographic Plan Service-and it is also our business to furnish you with first class materials of all kinds which will assure permanency.. The advice of our experts is constantly at your disposal. See us today or let us know your wants and our representative will call on you.

PROSPERITY IS AHEAD,

DETROIT, May -H. M. Jewett, president of the Paige-Detroit Motor Car Company, views with optimism prospects for business prosperity in

this country during the next few years demand must be filled." He states that present day prosperity is due fundamentally to two things:

Sound conditions in this country. A falsing off in world competition, chiefly due to the world war and revolution in Europe. in speaking of world competition,

lack of which he believes gives the business of the United States an unprecedented opportunity Jewett said. "England today is back in the saddle, Germany, France and Russia are not.

'Russia's lack of world commerce is our principal asset, due to this mammoth country having once been the family and they will leave. food market of Europe due to the cheaper transportation of its grain into the market.

"The farmer always last to attain the plane of prosperity of industries, banking, etc., finds in this condition a widening of his market and consequent increase in prices for his pro-

"Russia is not like to come back for many years-in fact she will be last to regain her former position due to her political situation's grasp upon everything including the farmland. When she does, our farms will be so firmly entrenched in their markets that even heavy underselling could be offset by the large surplus automaticaly built up in America.

"Considering Germany we find that she is now outsold by our industries in the markets of the world.

'The last of the former commercial powers whose competition is gone is France. We can see that she is making plans to establish herself in the position once held by Germany. She has acquired the vast iron ore field

Thus does the Flowery Kingdom welcome "Jiggs". No wonder George McManus is burning midnight incense over Japanese books! And so Broadway hints that this artist's pickimona calculated to provide oriental atmosphere in which to make Jiggs, Maggie and Dinty talk Jap-

Apples are things caten once a day to keen the doctor away.

WORKING THE "COMBINATION"

A combination lock usually protects something valuable. The more valuable the article protected the more complicated the "combination", as a rule.

It requires a certain degree of knowledge and some practice to "work it". In this respect the combination to prosperity is no different from others.

In a farming community like ours, the door to prosperity may be opened, with close application and patience, by working the following combination properly.

Feedstuffs—milch cows—hogs—poultry.

You may need some help-if so, use us. We're here for exactly that.

TRAGERY OF GREEDY

FIGHT MANAGERS

By HENRY L. FARRELL

NEW YORK, May 25 .- Two tragedies, in which Greed, as represented in a solfish manager, acted as the triumphant villain over unsophisticated youth, were enacted recently on the fight stage, and they put another blot on the history of a sport that is all blotted up almost to capacity.

Floyd Johnson, the gamest youngster that ever put on a glove, and Young Jack McAuliffe, just out the ring crib and learning how to walk, were sacrificed by managers who wouldn't take the slow and roundabout way to big money.

The case of McAuliffe is particu-Iraly tragic. His manager sold his contract the night before he was to meet Luis Firpo, the most dangerens heavyweight in the ring.

It was not enough to shove Me-'ullife in the ring against a man) that he had not one chance in ten Carrand to beat; it was not enough to him to take the risk of permait physical disability for a purse \$7.500; it was not enough to ask
